

It is not uncommon to get confused with the terms beside and besides. Not only do these two words look alike, they also sound alike. However, they actually have distinct uses and meanings and cannot be interchanged.

The word beside is used as a preposition meaning “at the side of” or “next to.”

“Tory pledges to protect students at Toronto school beside condo development”

Also, the term can be used as an adverb which means “morever” or “furthermore.”

“Besides, two new engineering colleges have been set up”

[Daily News & Analysis](#)

It may also mean “in addition” as an adverb,

“What Besides ‘Star Wars: The Last Jedi’ Tops ‘Beauty And The Beast’ In 2017?”

[Forbes](#)

To avoid confusion, it is advised that you use the term beside only if you are referring to a preposition meaning “at the side of” or “next to” while you must opt for the word besides if you mean “in addition to” or “furthermore.”
